

## INSTALLATION & DISMANTLING HAND CARRY FREIGHT

Las Vegas, NV • May 2 - 3, 2009  
South Point Hotel

San Diego, CA • June 13 - 14, 2009  
San Diego Convention Center

### Installation & Dismantle

#### Should I use union labor or my own personnel?

To ensure that you are aware of the allowances that have been made for the installation and dismantling of your exhibit, we have compiled the following information:

- Full-time employees of your company may be used to install or dismantle your exhibit without the use of union personnel. If you require additional assistance to install or dismantle your booth, it is necessary to hire union labor through the Official Service Contractor or use an approved Exhibitor-Appointed Contractor.
- Full-time employees of your company may also set up your product or equipment.

You must use qualified labor personnel for material handling within the Show including, but not limited to:

- Off-loading and delivery of exhibit/display materials to exhibit space, except as otherwise provided for hand-carry exhibitors.
- The Official Service Contractor will control access to the loading docks to provide a safe and orderly move-in / move-out. Unloading or reloading at the dock of all private vehicles and contracted carriers will be handled by the Official Service Contractor.
- Pickup, storage and return of empty crates.
- Out-bound shipping - The Official Service Contractor delivers freight to exhibitor's carrier.

### Hand Carry Freight

- Exhibitors are permitted to hand carry items into the exhibit facility with the use of dollies, and/or flat carts.
